

PRESS RELEASE

8tree's Calibration Laboratory achieves ISO 17025 Accreditation from Deutsche Akkreditierungsstelle (DAkkS)

CONSTANCE, GERMANY, SEPTEMBER 16, 2023

8tree, a global leader in 3D surface inspection tools, is proud to announce that its calibration laboratory based in Constance, Germany has been accredited according to ISO 17025 by the Deutsche Akkreditierungsstelle (DAkkS), the accreditation body of the Federal Republic of Germany, with the accreditation number D-K-21981-01-00.

This significant achievement underscores 8tree's unwavering commitment to quality and precision measurements.

The ISO/IEC 17025 accreditation is a testament to a laboratory's technical competence and ability to produce precise and accurate test and calibration data. It sets the gold standard for calibration and testing laboratories worldwide, ensuring that they adhere to the highest quality benchmarks.

"We are proud to achieve this accreditation from DAkkS, which is a testament to our continuous pursuit of excellence and quality," said Arun Chhabra, CEO of 8tree. "This recognition further solidifies our position as a trusted partner for our customers, ensuring that our products and services are of the highest caliber, and that we continue to exceed customer expectations."

What does ISO 17025 Accreditation Mean?

- It signifies that the laboratory technically operates with high accuracy, reliability, and consistency.
- It ensures that the laboratory has a robust quality management system in place, and an external body regularly audits its operations.
- The laboratory's results are internationally recognized, paving the way for even more global business opportunities.

Benefits of ISO 17025 Accreditation:

- **Enhanced Credibility:** Clients and partners can trust the results produced by the laboratory.
- **Operational Excellence:** Streamlined processes lead to reduced errors and increased efficiency.
- **Global Recognition:** The laboratory's results are accepted and recognized worldwide.
- **Continuous Improvement:** Regular audits ensure that the laboratory is always improving its processes and methodologies.
